

Dear Sir/Madam

September 2011

Strategic Expansion of Alpine Abrasives

We are delighted to inform you that due to our continued growth, we are moving to a 25,000 sq. ft. manufacturing and distribution facility situated in a prime location in Leicester only 3 miles from our existing site. This significant investment by our parent company ATA Group is in line with our corporate strategy to expand and develop Alpine Abrasives as a specialist independent distributor to the UK industrial market.

This necessary and welcome relocation will allow us to expand our production facility for abrasive specialities and increase our stock holding to further improve our offering to our valued customer base.

All of our current workforce will be transferring with us and your normal day to day contacts will remain the same.

Our relocation plan is phased throughout September with completion expected to be by October 4th 2011. From Monday 26th September all deliveries should be sent to the new site as deliveries will not be accepted at Meridian Way after midday Friday 23rd September. All products supplied to you from the new site will bear the new address details on the paperwork.

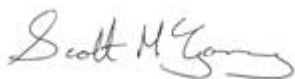

Our new address is: -

Alpine Abrasives
99 Commercial Square
Freemens Common
Leicester
LE2 7SR

Our telephone and fax numbers will remain unchanged.

We would like to take this opportunity to thank you for your valuable and loyal support. Should you require any further information please do not hesitate to contact us on our normal numbers.

Yours sincerely

Scott McGarry
Group Sales Director
